# MiniBooth

**Symach**  
TOOLS

The mini booth **allows you to paint color sample cards outside of your spraybooth.** Thanks to its highly efficient extraction fan, it avoids spreading paint vapors and fumes into the environment. Its high capacity filter is easy to replace. It's compact and can be placed anywhere in the body shop. Made of non-corrosive and solvent resistant materials, it's solid and easy to install and use, requiring minimum maintenance.

## GYS

### MOBILE, EASY TO MOVE LIFT

Compact and mobile, the ERGO LIFT 1000 ROLL is an air-powered lift capable of moving vehicles up to 2.5 tonnes.

Its adaptable support arms and ergonomic design allow for comfortable, standing work around the vehicle, reducing fatigue and preventing musculoskeletal disorders.

With a lifting height of around 1 meter and hydraulic safety features, it ensures efficient and safe operation.

## GYS ERGO LIFT 1000 ROLL AND WHEEL KIT

## JOLLIFT

### ADDED FLEXIBILITY IN YOUR BODYSHOP!

Introducing the Jollift 1330 Fast Repair Bench: a compact, European-manufactured solution equipped with all the features of larger benches.

Its modular design enables multiple benches to share resources, making it cost-effective for each work bay to have its own bench.

Features include a 6-tonne pull post, 100mm lowered height, 1300mm lift height, 3000kg lift capacity, and versatility for estimating, assembly, and disassembly tasks.

**INCLUDES:**

1330 BENCH

CONTROL UNIT

6 TON PULL POST

4 x SILL CLAMPS

8 x LIFTING PADS

4 x WHEEL STANDS
